DOING IT DIFFERENTLY

exclaimer

PRODUCT OVERVIEW: EXCLAIMER EMAIL SIGNATURES

What Is It?

Exclaimer is a cloud-based drag and drop email signature editor for Microsoft 365, Exchange and Google Workspace.

What Are The Benefits of Using Exclaimer?

Ease of Use

With a drag and drop user interface, Exclaimer signatures are simple to create – even for non-designers or techs.

User Groups

Exclaimer's user group feature enables you to deploy and segment signatures by department or function.

Inexpensive

Exclaimer is an inexpensive solution for small and medium-sized businesses.

Compatibility

As Exclaimer is cloud-based, it works on any device, including desktop, mobile or tablet.

Easy Management

Signatures are managed centrally, making it easy to implement changes and update information.

Drive Marketing/Sales

You can add important sales and marketing messages to your email footers, improving awareness and conversions.

Professional Branding

An Exclaimer signature will make your emails look more professional & improve trust.
